Important Information Below. Please Read.

Authorized licensed daycare provider personnel must meet students in grades K-2. Transportation to locations other than the home address follows the same guidelines with respect to supervision from home to the bus stop and from the bus stop to home (or daycare). It is the responsibility of the licensed daycare provider to ensure safe travel of the student(s) to and/or from the bus stop. A request for daycare transportation outside your home school attendance zone may require a longer ride than usual.

Requests that are received after July 31th of the preceding year may not be approved; it is dependent upon existing bus availability.
