8/26/2021

VACCINATION

* As of
8/26/21

- CDC: “Vaccination is the leading public health prevention strategy to end the COVID-19 pandemic. Promoting vaccination can help schools safely return to in-person learning as well as extracurricular activities and sports.”
- Students under the age of 12 are ineligible at this time for vaccination.
- May use vaccination status information consistent with applicable laws and regulations for testing, contact tracing, quarantine and isolation practices.
- Disclosing vaccination status is voluntary.
- The District will be compliant with all relevant statutory and regulatory requirements.
- Updates: Next slide...

VACCINATION - *Update 8/26/21*

* As of
8/26/21

- **August 23, 2021:** The [FDA has announced](#) the full approval of the Pfizer-BioNTech vaccine for the prevention of COVID-19 disease in individuals age 16 and older. The FDA-licensed vaccine will now be marketed under the name **Comirnaty**, but nothing about its ingredients have changed. The vaccine continues to be available under emergency use authorization (EUA) for individuals 12 through 15 years of age and for the administration of an additional dose in eligible immunocompromised individuals. The Pfizer-BioNTech COVID-19 vaccine was first authorized for emergency use on December 11, 2020, and it was expanded to include 12- to 15-year-olds on May 10, 2021.
- **July 27, 2021:** The CDC added a recommendation that fully vaccinated people wear a mask in public indoor settings in areas of substantial or high transmission, but added that vaccinated people “might choose” to wear a mask regardless of the level of transmission, particularly if they are immunocompromised or at an increased risk for severe disease from COVID-19, or if they have someone in their household who is the same. Further added a recommendation for fully vaccinated people who have come in to close contact with someone with suspected or confirmed COVID-19 to be tested 3-5 days after exposure, and to wear a mask in public indoor settings for 14 days or until they receive a negative test result.
- **July 27, 2021:** The CDC recommends indoor masking for all teachers, staff, students, and visitors to schools, regardless of vaccination status.

VACCINATION

* As of
8/26/21

- CDC: “Vaccination is the leading public health prevention strategy to end the COVID-19 pandemic. Promoting vaccination can help schools safely return to in-person learning as well as extracurricular activities and sports.”
- Students under the age of 12 are ineligible at this time for vaccination.
- May use vaccination status information consistent with applicable laws and regulations for testing, contact tracing, quarantine and isolation practices.
- Disclosing vaccination status is voluntary.
- The District will be compliant with all relevant statutory and regulatory requirements.

8/26/2021

FACE COVERINGS - *Update 8/26/21*

* As of
8/26/21

- **NYS Department of Health has mandated universal masking in schools for anyone entering schools** *(at any time)*.
- Consistent and correct use of masks over nose and mouth.
- Masks will be required on school bus transportation in all cases.
- Masks will be worn by everyone for indoor events, including athletics. **Subject to change**, student athletes will not be required to wear masks during competition on the court/floor.
- The District will have an adequate supply on hand.
- The District will employ common sense measures with this requirement, similar to that which was employed in the spring of 2021.

PHYSICAL DISTANCING (not “social distancing”) - Update 8/26/21

* As of
8/26/21

- Three feet between students, wherever and whenever possible as the rule.
- Music classes will also employ this rule.
- Six feet between adults and students will be maintained wherever and whenever possible.
- Seating charts of paramount importance.
- Physical distancing is not required on school buses.
- The District will maximize physical distancing to the extent possible in the cafeteria.
- All Athletics will maintain three feet physical distancing whenever not in direct competition (e.g. sidelines, bench, coaching, etc.)

SCREENING - *Update 8/26/21*

* As of
8/26/21

- CDC recommends screening testing to identify people infected with COVID-19 in communities with high community transmission levels, low vaccination coverage, and for certain “higher risk” activities (*think athletics*).
- Screening Testing requires parent permission.
- No Parent Square health screening will be employed at this time, **except for athletes and student-participants in extra-curricular activities.** In these cases, the District will employ the use of either electronic or paper screening, as a rule.
- Infrared digital scanners will be installed at each entrance of each building, and will be utilized when necessary.
- Sign-in procedures will continue in each building for visitors, as it would normally.
- Social Contract as a way of understanding our roles to eradicate COVID-19 in our community so that learning can continue as uninterrupted as possible.
- Know when and when not to stay home. Education.
- Each building of the GJSD is a “Limited Service Laboratory” can provide rapid testing, if necessary to implement.

VENTILATION

* As of
8/26/21

- All District buildings are designed to operate to bring in outside air for the maximum air circulation/flow possible.
- Outdoor activity and learning is encouraged whenever possible.
- All ventilation systems meet the NYSED requirements
- All ventilation systems are deep-cleaned, regularly maintained, and monitored for efficiency and effectiveness.

HYGIENE

* As of
8/26/21

- Proper handwashing will be taught, practiced, and reinforced regularly.
- Coughing/sneezing etiquette employed.
- Safe water supply will be available and maintained.
- Hand sanitizer is readily and widely available for every space and person.
- The District will help to educate both students and staff when they should stay home and when they should return to school/work and when to be tested.
- “Showing symptoms of any communicable or infectious disease reportable under the public health law that imposes a significant risk of infection of others in the school, he or she shall be excluded from the school and sent home immediately...” (*Education Law 906*).
- The District uses decisional flow charts.

8/26/2021

CONTACT TRACING, ISOLATION *and* QUARANTINE - *Update 8/26/21*

* As of
8/26/21

- Quarantine is an enemy to instruction and learning in-person
- All students will have 1:1 devices, ready to use at any time.
- Contact tracing, isolation, and quarantining practices will follow local Department of Health guidelines, but will also employ common sense, especially in contact tracing. Students and staff in close contact with an infected or exposed individual will utilize a six foot radius proximity rule*.
- According to the CDC, people who are fully vaccinated to **NOT** need to quarantine after contact with someone who had COVID-19 unless they are symptomatic.
- **Exception from isolation and quarantine:** Distance within six feet radius of an infected or exposed individual (*laboratory confirmed or a clinically compatible illness for a cumulative total of 15 minutes or more over a period of 24 hours and correctly and consistently worn well-fitting masks the entire time*). Exception does not apply to adults/staff.
- Seating charts will be strictly employed and maintained whenever possible (*bus, cafeteria, classroom, etc.*).

CLEANING *and* DISINFECTING

* As of
8/26/21

- District staff is conscientious, trustworthy, and safety-minded. They are trained in all relevant safety practices to keep students and staff safe.
- All areas will be cleaned and disinfected daily.
- A ready supply of disinfectant (*e.g., sprays, etc.*) available in each instructional space and throughout the facilities.
- If a COVID-positive person is confirmed, that space will be cleaned and disinfected as soon as possible.
- The HFM Transportation Service will continue its routine cleaning and disinfecting procedures and practices.

8/26/2021

CONTINUOUS EVALUATION

* As of
8/26/21

- The District will be nimble and adjust when needed.
- Watch the local transmission rates.
- Regular meetings with the Department of Health
- Plans are contingent on governmental mandates.
- Nurses employed to the extent possible
- Things will change.
- Governmental advocacy efforts need to continue.
- If we all prioritize safety, students will benefit academically, socially, and emotionally, and learning will improve.
