Join the Johnstown High School PTSA

The officers of the JHS PTSA are looking forward to an exciting year and hope that you will join us in promoting the health, safety, and highest education standards for all of our students and staff.

The PTSA is the forum for parent representation and we encourage your input in creating a positive environment for our students and staff. In fact, parent involvement is our very essence. Research proves that children, including teens, learn better and experience greater academic success when parents are involved. Both our faculty and administrative staff are very supportive of the PTSA. Our meetings provide an excellent opportunity to gain information on pertinent issues and concerns at the high school level.

Our success is dependent upon your involvement. Please support your school by becoming a member of this worthwhile volunteer organization. All parents, students, teachers, staff and extended family members are welcome to join. Memberships can be purchased at freshman orientation or Open House. You may also send your payments to the school office. Please make sure your payment is attached to your membership form or simply place your payment and form in an envelope. Thank you for your support!

Please check the website for the meeting schedule.

Name:______________________________________  
Phone:______________________________________  
Email (Required)_________________________________________________________________  
Student Name:______________________  
Grade _____  
Homeroom__________________
