1. \_\_\_\_\_

4. \_\_\_\_\_

2. \_\_\_\_\_

5. \_\_\_\_\_

3. \_\_\_\_\_

Please return this form to school by **Wednesday, January 16<sup>th</sup>**

The Pleasant Avenue STEAM Introduction for primary students is a one-night event designed to encourage our youngest students to discover their love for science, technology, engineering, art and math. The night will feature break-out sessions devoted to different areas of focus. Students will need to return this form and select five sessions they would be interested in attending. Each student will be assigned to three of those sessions. Please return the form by 1/16/2019.

Pre-registration is required. This program is for Pleasant Avenue students only. Students must be accompanied by an adult. (Siblings may attend, but might not be able to participate in all of the sessions).
